

## AQUADOR 25 DC

The only true rival of this well-appointed daycruiser is its predecessor. Its generous cockpit can readily handle seven adults for daycruising or a small family for comfortable overnighting. Stable and safe at all speeds, this sleek boat is noted for its superb handling. It features a bow-thruster for easy docking, an extended swim platform, a stylish quick-fix canopy that fully encloses the cockpit and bags of potential should you wish to customise.
